

FOR AGENCIES & CONSULTANCIES

No more contracts that stall the project.

Proposals, SOWs and NDAs signed in minutes — hosted in Switzerland, under your brand.

Proposals, SOWs and project contracts, NDAs and order confirmations — to clients in minutes, not days, legally binding and under your agency brand.

THE PROBLEM — AND HOW WE SOLVE IT

✗ The reality today

- ✗ **Proposals sit in the inbox**
Print, email, chase. Every day without a signature delays the project start.
- ✗ **DocuSign is expensive — and US-hosted**
Enterprise per-user pricing, and client and project data sits outside Switzerland and the EU.
- ✗ **Someone else's brand on your documents**
Clients sign in a US tool — not with your agency.
- ✗ **No court-proof record**
For order confirmations and NDAs, the complete audit trail is often missing.

✓ With letssign.now

- ✓ **Signed in minutes**
Clients sign the proposal on mobile — the project starts right away.
- ✓ **Hosted in Zürich — ZertES & eIDAS**
Client and project data stays in CH/EU. SES + AES, PAdES-sealed — around 90% cheaper than DocuSign.
- ✓ **Your brand — signing page & email**
Clients sign on YOURAGENCY.letssign.now — your logo on the signing page and in every email.
- ✓ **Court-proof audit trail**
Every order confirmation with timestamp and certificate — fully documented.
