

FOR REAL ESTATE AGENTS & PROPERTY MANAGERS

The apartment goes to whoever signs first.

Lease and brokerage contracts signed in minutes — hosted in Switzerland, under your brand.

Leases, brokerage mandates, reservations and handover protocols — to prospects and owners in minutes, not days, legally binding and under your brand.

THE PROBLEM — AND HOW WE SOLVE IT

✗ The reality today

- ✗ **Contracts take days — prospects drop out**
Print, email, chase. In a competitive market, whoever signs first rents the unit.
- ✗ **DocuSign is expensive — and US-hosted**
Enterprise per-user pricing, and tenant and owner data sits outside Switzerland and the EU.
- ✗ **Someone else's brand on your documents**
Clients sign in a US tool — not with your agency.
- ✗ **No court-proof record**
For handover protocols and reservations, the complete audit trail is often missing.

✓ With letssign.now

- ✓ **Signed in minutes**
Prospects sign the rental offer on mobile — instantly, from anywhere.
- ✓ **Hosted in Zürich — ZertES & eIDAS**
Tenant and owner data stays in CH/EU. SES + AES, PAdES-sealed — around 90% cheaper than DocuSign.
- ✓ **Your brand — signing page & email**
Clients sign on YOURAGENCY.letssign.now — your logo on the signing page and in every email.
- ✓ **Court-proof audit trail**
Every handover protocol with timestamp and certificate — fully documented.
