

FOR SMES & SOLE TRADERS

Contracts signed in minutes, not in days.

Every signature digital — hosted in Switzerland, under your brand.

Contracts, proposals, NDAs and onboarding — to clients, partners and employees in minutes, not days, legally binding and under your brand.

THE PROBLEM — AND HOW WE SOLVE IT

✗ The reality today

- ✗ **Contracts take days**
Print, sign, scan, chase — all over again for every contract.
- ✗ **DocuSign is expensive — and US-hosted**
Enterprise per-user pricing, and your business and client data sits outside Switzerland and the EU.
- ✗ **Someone else's brand on your documents**
Clients sign in a US tool — not with your company.
- ✗ **No court-proof record**
Who signed, and when? Paper and PDF email leave no complete audit trail.

✓ With letssign.now

- ✓ **Signed in minutes**
Clients and employees sign on mobile — from anywhere, in minutes.
- ✓ **Hosted in Zürich — ZertES & eIDAS**
Business and client data stays in CH/EU. SES + AES, PAdES-sealed — around 90% cheaper than DocuSign.
- ✓ **Your brand — signing page & email**
Clients sign on YOURCOMPANY.letssign.now — your logo on the signing page and in every email.
- ✓ **Court-proof audit trail**
Every signature with timestamp, identity proof and certificate — fully documented.
