

FOR FIDUCIARIES &amp; TAX ADVISORS

# No more signatures that **stall** the engagement.

Start using e-signatures today: simple, hosted in Switzerland, with your logo.

Powers of attorney, engagement letters and year-end approvals signed in minutes, not days — legally binding and in your firm's name.

## THE PROBLEM — AND HOW WE SOLVE IT

### ✗ The reality today

- ✗ **Powers of attorney take days**  
Print, sign, scan, chase — every signature delays the engagement.
- ✗ **DocuSign is expensive — and US-hosted**  
Enterprise per-user pricing, and client data sits outside Switzerland and the EU.
- ✗ **Someone else's brand on your documents**  
Clients see a US tool — not your firm.
- ✗ **No court-proof record**  
Who signed, and when? Paper and PDF email leave no complete audit trail.

### ✓ With letssign.now

- ✓ **In minutes, not days**  
Templates for recurring documents, pre-filled per client, signed on any device.
- ✓ **Hosted in Zürich — ZertES & eIDAS**  
Swiss/EU data sovereignty. SES + AES, PAdES-sealed — around 90% cheaper than DocuSign.
- ✓ **Your brand — signing page & email**  
Clients sign on YOURFIRM.letssign.now — your logo on the signing page and in every email.
- ✓ **Court-proof audit trail**  
Every signature with timestamp, identity proof and certificate — fully documented.

„Our clients now sign engagements in minutes — and everything carries our firm, not some outside tool.“
